

About Us

2012 Membership

Living Here

The Saskatchewan East Enterprise Region (SEER) is one of *sixteen regions* organized under *Enterprise Saskatchewan's* initiative.

As a *not-for-profit entity* we have representation from diverse regional economic *stakeholders* in key sectors of the region's economy, communities and other organizations that provides the *focus* and *leadership* necessary to build our thriving region.

The province's prosperity is attracting significant interest and has placed our region in a strong position to *grow* and *capitalize* on such interests. SEER works to assist the region to increase business and industry *competitiveness*, as well as to realize its *economic potential* and *compete globally*. We focus on sustainable economic growth by providing *active support* while creating *competitive advantages* for the region as a whole.

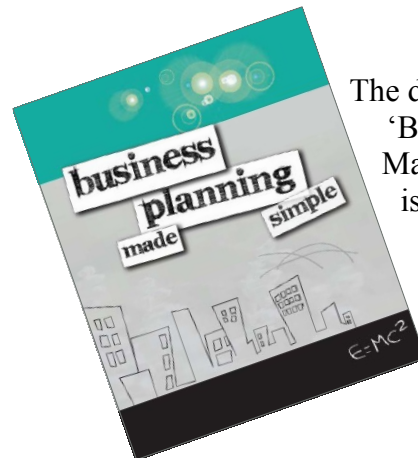

SEER works as a *stimulus* – driving the growth of existing regional business while attracting and retaining new business investment. In turn this ultimately *enhances the economy* and *quality of life* within the Enterprise Region.

To ensure that regional development and economic growth is maintained and strengthened, a network of new leaders within businesses, communities and organizations must be identified and developed to share in the prosperity of the region.

Through our membership, we are engaging leaders to share new ideas, enabling us to effectively govern and coordinate the economic development of the Region.

Business Solutions

At SEER we would like you to think of us as your 'one stop shop' when it comes to your business needs. We offer small business development and business counseling.

The development of our 'Business Planning Made Simple' Guide is a comprehensive tool for new and experienced entrepreneurs and business owners.

Copies are available at our office and also online in an interactive pdf format.

SEER offers vast opportunities for families and businesses. It is comprised of a very diverse landscape– from open prairies, grasslands, and farmlands to valleys, parklands and urban centers. Whether you are thinking of relocating your family or business the SEER Region has a lot to offer.

Regional Projects

If you have an idea for a project and/or are currently working on a regional project that you would like the SEER team to assist with, contact us, it would be our pleasure to help.

Website

Our website features six key areas: About Us, Living Here, Business Solutions, The Region, Maps and an Information Centre. It serves as a regional database for those who require information when starting or expanding a business to finding great contacts.
